

Consolidated Invoice

for Dynamics SL

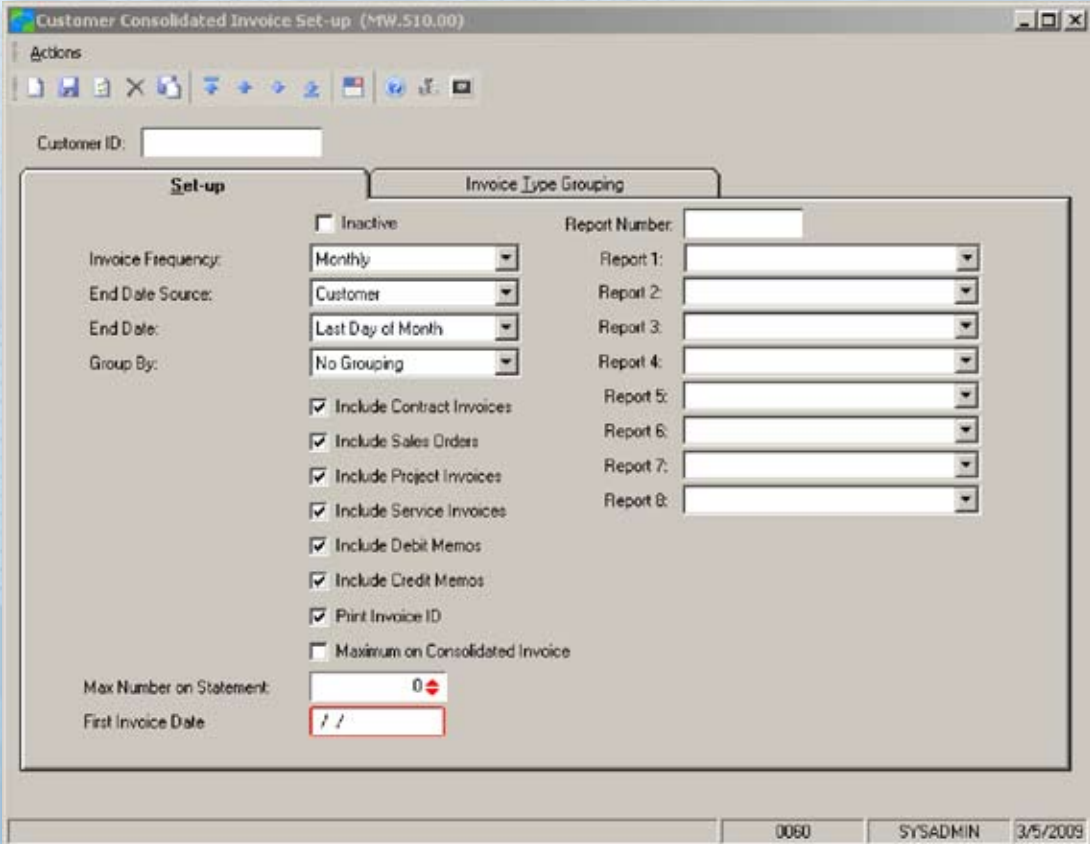

Cut mailing costs, **reduce** invoicing time, **provide** superior invoice and backup documentation to customers with **Consolidated Invoice for Dynamics SL**.

Allows invoices from anywhere in the system to be combined into consolidated statement invoices:

- Service Contracts
- Service Invoices
- Sales Orders
- Project Invoices
- AR Debit & Credit Memos

Consolidated Invoices

can be created weekly, bi-weekly, monthly, even by variable monthly dates. Invoices can be grouped by invoice type as well. Flexible invoice report options available. Reports can be customized for each customer. Automatically print up to eight reports for each consolidated invoice such as summary invoice, detailed invoice, multiple invoice copies, billing reports and more.
